

# Precision in our operations, our risk management, and our controls

Wednesday 02:59 pm

[Abhijit Jadhav](#)

## Recognised for "Precision in our operations, our risk management, and our controls"

This week we had an issue with the statement file exceeding the file size limit for one customer, meaning that we were unable to produce the statement, putting Barclays at risk of breaching multiple regulations.

Abhijit was called out as "the technical brains in our validation exercise" by his colleagues, and was instrumental in:

- \* quickly identified the issue and pulled together the necessary stakeholders to investigate it
- \* finding a solution that not only avoided the regulatory breach but ensure that the customer could view their statement online within the usual SLA

A huge thanks to Abhijit for enabling us to arrive at the best possible outcome at pace - OUTSTANDING!
