You, [Harshita Suri](#) and [Prathviraj Chouhan](#)

Recognised for "Focus on businesses and projects where we can excel"

Thanks Abhijit, Harshita, Prathvi for supporting our modules during my 15 days absence. This included multiple deployments across environments, design-testing-devops-e2e coordination and live proving support. I did not notice a single escalation or concern been flagged by any lead. We put a plan in place, but putting a plan on paper and implementing it are two completely different things. Experiences like this are critical in your journey of becoming senior members of the team and I am sure you will also feel a small sense of accomplishment of a job well done. Cheers.
